SUMMARY

I'm a technology enthusiast. Besides technology, I love photography and design. Actively seeking an internship opportunity in the field of computer science, to contribute meaningfully to the development of the organization and self.

EXPERIENCE

Founder | Self Employed
SKApps
Sep 2015 – Present, Fujairah

SKApps makes applications that make an impact in people's lives.
· GuessMe is a number pattern-based game that was launched on the iOS Appstore.
· DocuMinder is used to remind the expiry dates of people's important documents in an organized manner.
· Developed websites like https://thecampuscrew.com/, https://galaxyinterioruae.com/

Treasurer at IEEE – CS Club
American University of Sharjah
Sep 2019 – Present, Sharjah

Conducted several web development workshops teaching students how to create a website.

Media Coordinator at AUS Computer Cub
American University of Sharjah
Sep 2019 – Present, Sharjah

Media Team
American University of Sharjah Model United Nations (AUSMUN)

Won the Best Media award.

Founder | Self Employed
ThinkLikeBoss
Sep 2015 – Dec 2016, Fujairah

ThinkLikeBoss is a blog company that invites exciting bloggers to post their articles. All the articles posted makes people's life easier by providing them with interesting, valuable and helpful topics. https://thinklikeboss.wordpress.com/

Research and Development Intern
The Assembly
Dec 2019 – Jan 2020, Dubai

This 5-week internship was an amazing experience where I got to meet amazing people and work on exciting projects:
–Conducted a 3-hour workshop on "How to make a Chat App using Kotlin"
–Contributed to writing the driver for a "Game Controller Designed for Retropie" from scratch
–Assisted in workshops like "Augmented Reality Business Card" & "Capacitative Touch Workshop"

PROJECTS

DocuMinder – Document Reminder
DocuMinder is a desktop application for you to remind the important expiry dates of your documents in an organized manner. The application is purely Java written. It allows you to create/edit/delete the record of the document you have entered.

Imtor – A Drawing Robot
Imtor is a drawing robot made using the LEGO Mindstorms Kit. The robot is programmed using Python. A Scalable Vector Graphics (SVG) image is inputted and it's drawn on the paper by plotting the co-ordinates of the image. The robot can be used as a handcraft tool.

GuessMe
GuessMe is a simple number pattern based game. The game is intended for people who love numbers. It uses the latest programming language from Apple : Swift. The game contains 10 levels with beautiful UI of geometrical triangles.
